The August Coffee Morning raised a fabulous £301.50. Yet again huge thanks to Audrey, Elwyn and Anne our very own musketeers of fundraising. Their stall is full to the brim with home made produce and fabulous prizes to win on Audrey's Squares.

Thanks also to Sue Stockdale our resident artist for providing cakes and treats and all other cake bakers who kindly donate their produce.

The Whist Drive raised £57.50 this month. Everyone is welcome to come and join in .

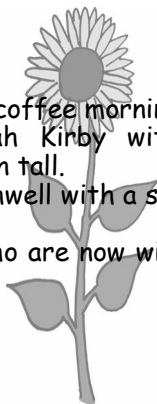

Our inaugural Pop up Pub proved to be a great success hosted by Kate Mercer and Dave Woodcock, ably supported by Hannah and Sadie behind the bar. The platters of food were a great success and a total of 445.87 profit was made . Thanks to Emma and Trish for plating the food up for serving and David Townsend for preparing the hall and Tricia Townsend for washing up the next morning. Without these people events couldn't run so smoothly.

BURTON FLEMING HEDGEHOG NEWS

ADVICE ON WHAT TO DO WITH A HEDGEHOG IN
NEED OF HELP

As well as providing access to roam, here are some other things to do to help hedgehogs;

- Before using a strimmer, make sure the area to cut is clear.
- For a couple of days after applying wood preservative at ground level, protect your work from hedgehogs who like to lick it! It makes them very poorly.
- Stop or reduce the amount of pesticides and poisons used.
- Move piles of rubbish to a new site before burning them.
- Ensure netting is kept at a safe height.
- Check compost heaps before digging a fork in.
- Cover drains and deep holes.
- Ensure there is an easy route out of ponds and pools.

A hedgehog lying or wobbling as it walks or with flies around it needs help. Use a gardening glove to collect it up, bring it indoors in a cardboard box and cover with an old fleece or towel. Call Ali 0773 405 3699 or Jo 0771 755 2624 for assistance.

Please can you ensure to keep your hedgehog food stations, in and around the village running with plenty of water and food to ensure our hedgehogs have plenty to eat and drink at this busy time of year prior to hibernation.

Thanking you in advance
Ali Blyth
