- **PC 2429 Nick Beech**, Market Weighton, Pocklington and Vale of York

Hare Coursing Season Begins

September Traditionally marks the start of the Hare Coursing Season.

Humberside Police Rural Task Force will be conducting high visibility patrols to combat hare coursing and to deter offenders from visiting the East Yorkshire and North Lincolnshire countryside to commit such offending.

Officers are requesting that all reports of Hare Coursing Activity, whether it be confirmed persons on land with dogs, or suspicious vehicles believed to be involved in Hare Coursing are reported Via 999 if the incident is in progress, or 101 if a suspicious vehicle is sighted or if offenders are leaving the location.

The reporting of these incidents help the Rural Task Force to monitor the locations where offending is most frequent and to then target this offending area.

Where possible, Vehicle Registrations should be passed to the call taker to allow for relevant checks to be conducted and to allow for officers to then target these vehicles.

When calling 999 or 101, Please Quote "OPERATION GALILEO" which is the multi force targeted Hare Coursing Operation.

Please do not approach offender and ensure that you maximise your own safety when reporting these incidents.

Are you a Local Farmer? The Rural Task Force are still offering Crime Prevention Visits to Forensically Mark Farming Equipment. If you are interested, please contact us at rtf@humberside.police.uk

Farm Security and Machinery

The theft of farm machinery and other farm equipment in the UK is a growing concern and has a major impact on farmers and their families.

Farms and the expensive equipment needed to run them have become a major target for thieves and organised criminals in the UK.

Some of the drivers to this crime relates to constraints in the supply of products, long lead in times for new equipment from manufacturers, the cost of raw materials and rising fuel costs.

Farms, by their nature, tend to be in remote locations with buildings spread over a wide area, multiple sites often with limited security and isolated from other neighbours which makes them an ideal target.

The cost of the theft can be devastating for farms, not to mention the inconvenience of replacing the equipment and the loss of time. To make matters worse thieves will often target the same farm again once the stolen equipment has been replaced with new products.

[Download PDF Guide](#)

Wildlife Crime Issues, people around your area have highlighted as an issue of concern on the priority survey. Humberside Police Rural Task Force has received a report of crop damage in the Thornholme area, East Riding of Yorkshire. It is believed this is due to night poaching activity in the area.

Please remain vigilant and report suspicious activity to the police.

If you ever experience this issue or have information regarding an incident, please report it using our online reporting tools at <https://www.humberside.police.uk>, speak to an operator in our Force Communications Room via our online web chat or call the non-emergency number 101.

Alternatively, you can stay 100 per cent anonymous by contacting the independent charity Crimestoppers on 0800 555 111 or via their untraceable online form at crimestoppers-uk.org.

As you have not contributed to the priority survey recently, we may be unaware of issues that you would like us to focus on. Please take a few minutes to securely and privately have your say using the button below, this will mean we can focus on things that matter to you

Keyless Entry Vehicles and Relay Thefts

Most keyless entry vehicles are stolen by way of a method called 'Relay Theft'. A keyless entry key is always transmitting a signal, a relay theft involves a device being used to pick up the signal from the key and forwarding that signal to another device near to the vehicle which makes the vehicle think the key is close by, and it allows the doors to be opened.

Once the second device is inside the vehicle, the vehicle thinks the key is, so it allows the engine to be started. Once the engine is started, it no longer needs the signal and it will remain running, until it is turned off again. Only then would it require the signal to start again. The reason the engine doesn't stop when the signal does, is due to safety reasons, as you wouldn't want your car stopping on a motorway if your key battery died.

The best way to prevent this type of theft from happening is to place your keyless entry key into a faraday pouch that will stop the signal, and prevent a relay device from picking it up. (Don't forget to put your spare key in one as well as that will also be transmitting a signal)

A search on the internet for a faraday pouch for car keys will identify lots of different options and prices for you to consider. We always recommend using a faraday pouch that is Secured by Design approved as they have been tested to a high level than most.

For more information, the following link will take you to the secured by design website - Relay Theft section - [here](#)

As we enjoy the final weeks of summer before the clocks change, Humberside Fire and Rescue Service is reminding everyone to stay fire-aware while spending time outdoors.

Despite recent thundery showers, the warm and dry conditions we've experienced since spring still pose a serious risk. Fires can start and spread quickly, especially in grasslands and agricultural areas across our region.

To help raise awareness, we're installing new signs across the Humber area with a clear message:

 **No BBQs or fires**

This initiative, proposed by Watch Manager Dan Hind, aims to prevent further incidents and protect our natural spaces. Between March and July, our region saw:

- **1,143 deliberate secondary fires**
- **343 accidental secondary fires**

Most occurred in May, highlighting the ongoing risk.

If you're heading outdoors, please follow this advice:

- ✓ Dispose of litter properly – use a bin or take it home
- ✓ Ensure cigarettes are fully extinguished
- ✓ Say no to campfires and disposable BBQs – they often become litter and can harm wildlife

If you see a fire:

-  Call **999** immediately
-  Use the **what3words** app to share your location
-  Stay at a safe distance – do not attempt to extinguish the fire yourself

Suspect deliberate firesetting?

Report it anonymously via **FireStoppers**:

-  0800 169 5558
-  firestoppersreport.co.uk

Gas Safety Week 2025 is your annual reminder to act and protect your home and loved ones from hidden dangers like gas leaks, fires and carbon monoxide poisoning.

A yearly check by a Gas Safe registered engineer is essential to make sure your appliances are working safely and efficiently – good news for your peace of mind, your wallet and the environment.

But staying safe at home goes beyond just booking a check.

Carbon monoxide: the silent killer

Carbon monoxide (CO) is a poisonous, invisible, odourless gas caused by incomplete burning of fuels like gas, oil, coal or wood. It can come from gas appliances, wood burners, barbecues or even generators. Carbon monoxide can be fatal.

Know the signs of CO poisoning:

- Headaches
- Dizziness
- Nausea or tiredness
- Breathlessness or collapse

Additional home heating safety tips:

- Keep heaters clear of curtains and furniture.
- Never use flammable liquids like petrol or paraffin to start fires.
- Avoid drying clothes on or too close to heaters or open flames.
- Keep logs a safe distance from fires and stoves – radiated heat can ignite them.
- Use fireguards to prevent flying sparks from open fires or wood burners.
- Have chimneys swept annually, ideally before the heating season begins.

Stay proactive

Sign up for a free annual gas safety check reminder at www.StayGasSafe.co.uk

Police Impersonation Fraud - Trigger Fraud Alert

Humberside police have advised that fraudsters are contacting potential victims in Hull and surrounding areas. The fraudsters call and advise they are from the Fraud Squad in the police and appear to be building up to requesting the victim withdraw money based on the information they have, which matches previous details for this type of offence. *Please make anyone you think could be susceptible to this kind of phone call aware, so they know this is a phone scam.*

Remember:

- The police or your bank will not contact you out of the blue to participate in an investigation or send a courier to your home to collect bank cards, cash, or other valuable items. Any requests to do so are a scam.
- Your bank or the police will never call you to ask you to verify your personal details or PIN by phone or offer to pick up your card by courier.
- Hang up, wait a few minutes, and then call your bank or 101 from a different telephone device and/or use a number you know to be genuine, such as the one on the back of your bank card, or by calling 159.
- Don't trust Caller ID display on your phone – it's not proof of ID.

Reporting and Support

If you have been a victim and lost money, call 101 and report it to Humberside Police.

Visit fraudwatch.org.uk for more information about fraud and where to get support.

You can also sign up to receive future alerts at alerts.fraudwatch.org.uk.

You can view the full alert on the FraudWatch website here:

<https://www.fraudwatch.org.uk/2025/09/04/trigger-fraud-alert-30/>.

POLICE

Courier Fraud / Impersonation Fraud

Humberside police have advised that fraudsters are continuing to contact victims in Humberside via Telephone and portraying to be a Police Officer. Below are some examples;

- Fake Police officer asking for large amounts of money to be withdrawn to assist a court case and for the victim to tell the banks that the money is for home improvements and not tell the bank about the call. *The Police will never ask you to do this.*
- Fake Police advise the victims accounts are being misused and ask the victim to get some money out of their account and this will be collected along with the victim's bank cards. *The Police will never ask you to do this.*
- Fake Police on the phone tell victims someone at the airport have hold of the victims personal information and his accounts containing crypto currency are at risk and will help you give them access onto your computer. The Police will never ask you to do this.

**** Please make anyone you think could be susceptible to this kind of phone call aware, so they know this is a phone scam ****

Remember:

- The police or your bank will not contact you out of the blue to participate in an investigation or send a courier to your home to collect bank cards, cash, or other valuable items. Any requests to do so are a scam.
- Your bank or the police will never call you to ask you to verify your personal details or PIN by phone or offer to pick up your card by courier.
- Hang up, wait a few minutes, and then call your bank or 101 from a different telephone device and/or use a number you know to be genuine, such as the one on the back of your bank card, or by calling 159.
- **Don't trust Caller ID display on your phone – it's not proof of ID.** Fraudsters use Spoofing Software to make the telephone number on your call ID display look like a real Police or Bank Number.

Reporting and Support

If you have been a victim and lost money, call 101 and report it to Humberside Police.

Visit fraudwatch.org.uk for more information about fraud and where to get support.

You can also sign up to receive future alerts at alerts.fraudwatch.org.uk.
